The Soldier's Reunion.

FIRST DAY.

Early Wednesday morning, 12th inst., the people from nearly every District in the County came pouring into town, and among them were many of the "Boys in Blue." At half past ten o'clock a special train from Knoxville arrived, having on board Capt. Wm. Rule, editor of the Knoxville Chronicle, Gen. Jos. A. Cooper, of Knoxville, Gen. Jas. P. Brownlow, Col. Jas. T. Shelley, of Roane, Col. A. H. Pettibone and Ingersalls, of Greenville, and other ex-Federal Soldiers.

At eleven o'clock the procession formed in the following order: Maryville Brass Band.

Infantry.

Cavalry.

The procession was formed under the direction of Capt. E. Goddard, Chief Marshal, and Assistant Marshals Col. Jas. T. Shelley, Capt. J. P. Edmondson, Capt. W. H. Kirk and Maj. Ben. Cunningham. The battle-flags of several Regiments were in line. While the procession was marching, an artillery salute was fired, under the superintendence of Sergeant M. M. Irwin.

After arriving at the beautiful grove near the residence of Mr. Jas. M. Greer, the East Tennessee Federal Soldiers' Association was called to order by Gen. Jas. P. Brownlow, the President, and prayer was offered by Rev. Chas. E. Tedford. Capt. Goddard then introduced President P. M. Bartlett, of Maryville College, who delivered the address of welcome. His remarks were eloquent, patriotic and manly, and was highly commended by ex-Confederates as well as ex-Federal soldiers. General Brownlow responded to the address of welcome, in a few appropriate remarks, at the close of which he introduced Maj. A. H. Pettibone, who made one of his patriotic and eloquent speeches, and was loudly applauded. At the close of his speech, Capt. Goddard called upon the editor of the Chronicle, Capt. Wm. Rule, to relate the circumstance of John Howard, of Blount county, and color-sergeant of the 3d Tennessee Infantry, being shot down in a battle near Nashville, Maj. R. H. Dunn, of the same regiment, then seizing the flag and bore it to the head of his regiment to a triumphant victory. The identical flag was exhibited on the stand, draped in mourning.

At the close of Capt. Rule's remarks, dinner was announced, and the vast crowd were fed on "Beef and Bread," prepared by the Commissary-General, Capt. J. C. Martin.

After dinner, the Association again assembled at the stand, when an organization for the ensuing year was perfected as follows: President—Col. Jas. T. Shelley, of Roane county. Secretary—Capt. Will A. McTeer, of Blount. Corresponding Secretary—Private E. E. Young, of Roane. Treasurer—Gen. Joseph A. Cooper, of Knox. Quartermaster—Capt. N. Crumbliss, of Roane.

The constitution was, on motion, amended so as to provide for a Vice-President for each county in East Tennessee, to be appointed by the President.

On motion of Col. T. H. Reeves, colored ex-Federal soldiers were invited to attend and participate in the reunions, and become members of the Association.

On motion of Capt. W. H. Kirk, it was resolved that a cordial invitation be extended to the ex-Confederate soldiers of East Tennessee to attend and participate in the next reunion.

On motion of Col. James T. Shelley, Kingston was unanimously adopted as the place for the next meeting of the Association, and the second Wednesday in August as the time.

The Association then adjourned until 10 o'clock, a. m., the following day.

After the adjournment there was a sabre tournament, shooting matches, etc.

During the day several balloons were sent up, which, after attaining several hundred feet, slowly drifted away in a northerly direction.

The field in rear of Mr. Henry Miller's place was used for the tournament, drilling, etc., a tall pole having been erected, from which floated the stars and stripes.

There were about two thousand persons in attendance, and about three hundred in the procession.

At night there was a balloon ascension and fireworks on the tournament grounds.

SECOND DAY.

Thursday the programme was cavalry-drilling, etc., the artillery booming during the whole day. A large crowd was in attendance, but not as large as the day before.

At night there was balloon ascensions and fireworks.

The large lot of fireworks ordered by Capt. Kirk failed to arrive in time for the occasion, which the Captain and the committees sincerely regretted.

Thursday night's programme was the closing exercises of the Reunion, it having been decided to dispense with the third day's proceedings.

Upon the whole, especially when taking into consideration the hard times and the busy season with our farmers, the affair was well attended and the proceedings were highly creditable. To the local committees is due the success of the undertaking, they having worked like beavers from first to last.

Personal.

Col. — Dickson, of Ducktown, Tenn., gave this office a pleasant call Thursday.

Prof. Jno. Woody, President of Pean College, Oskaloosa, Iowa, paid this office a welcome visit last Saturday.

Mr. R. H. Coulter left here last Wednesday for New York City, where he will enter a Theological Seminary.

Mr. Lyman B. Tedford left last Saturday for Lane Theological Seminary, Cincinnati, Ohio.

Mr. G. A. McLin and family left yesterday for their new home at Sweetwater. We regret that our county has lost a useful citizen, but congratulate the good people of Sweetwater in the acquisition of Mr. McLin to their number.

Our fellow-townsmen, Mr. Joseph Frye, left Thursday for an extended visit to his friends and relations in upper East Tennessee.

Mr. G. C. C. Kerr, from near Brick Mill, gave us a most welcome call Thursday.

Col. — Parks, of Ducktown, Tenn., was in town this week.

Hon. Stephen Mathews, of Union, London county, was in town this week attending the Soldiers' Reunion. We shall never forgive the Commissioners for including Union in London county, thus cutting off from Blount some of our old friends of that place, chief of whom is Hon. Stephen Mathews.

Esq. A. R. James, from near Miser's Station, gave us an agreeable call Thursday. Mr. James was a soldier in the Mexican war.

Mr. Charles M. Merrill, a former student of Maryville College, but who has been sojourning in Florida two years, has returned to Maryville and entered College again.

Mr. Linnens Hastings leaves next week for Iowa, where he intends locating. We are sorry to see many of our good citizens leaving for other sections; but as some go others come in, and our population is steadily increasing.

We noticed Mr. Moses Burger, of Knoxville, on our streets this week. He still uses a crutch.

Esq. Spencer Walker, of Miller's Cove, gave us a call Thursday.

MARRIED.

On the 13th inst., by Rev. D. McDonald, Mr. W. H. Byerly to Miss Amanda Hinton, daughter of Esq. S. C. Hinton.

Religious.

Rev. J. W. Robertson, P. C. of Union and Morganton Circuit, will preach his farewell sermon, at Shady Grove, the fourth Sunday of this month—23d—at 4 o'clock, p. m. All his old friends are cordially invited.

There will be a devotional meeting of the Young Men's Christian Association held at New Providence Church, next Sunday, Sept. 16th, commencing at 7 1/2 o'clock P. M. Theme: "The Divinity of Jesus Christ." A cordial invitation is extended to all.

Horse Stolen.

On the night of the 31st of last month, Mr. G. H. Pettit, of Morgan county, near Wartburg, lost a valuable horse. Thursday Mr. Pettit was in this place, having traced the thief and the stolen horse to Lowe's Ferry, three miles below Louisville, where he could hear no more of either. The stolen horse is of a sorrel color, with a "blaze" in his face, white feet, and is about 15 1/2 hands high.

In this climate the heat of summer debilitates and weakens the system of many persons, often causing eruptions and sores, restless nights and aching bones. These troubles are caused in nine cases out of ten from an unhealthy condition of the blood. Good blood makes good health, and Dr. Hart's blood and Liver Pills purify the blood and restores the liver to healthy action and with it good health. All who try them praise them.

Rain Tuesday.

Camp Meeting.

A new shed has been built at Carpenter's Camp Ground, 6 1/2 miles south of Maryville, capable of seating at least 1,200 persons. A Camp Meeting will be held at this Camp Ground, commencing the 20th of this month. All the camps on the ground will be occupied, accommodating some twenty families or more. Board will be furnished on the ground at a cost sufficient to pay the expense of furnishing the table; also, horses will be fed on the ground under the same arrangement. Quite a number of ministers are expected, and a good time is looked for. We hope to see a large representation from all religious societies of whatever denomination, as we most earnestly desire to send out light and life throughout the country. Come up to this mount of offering, bringing with you an earnest heart and willing mind, and God will make the meeting a blessing to you and yours.

Florida.

A throng of sufferers with coughs and colds, annually go South to enjoy the ethereal mildness of the land of flowers. To them we would say the necessity of that expensive trip is obviated by Compound Honey of Tar, which speedily vanquishes the coughs and colds incident to this rigorous climate. For public speakers it surpasses the Demosthenic regimen of "hebbles and sea shore" clearing the throat until the voice rings with the silvery cadence of a bell. Use Compound Honey of Tar. Price 50 cents a bottle.

The Buck-ye.

It is a well established fact, that Tabber's Buckeye Pile Ointment will cure, if used according to directions, the Eczema, Hippocastanum, or Horse Chestnut, commonly known as the Buckeye, has been highly esteemed for many years, owing to the fact that it possesses virtues, lying in the bitter principle called Esculin, which can be utilized for the cure of Piles. HAIR RENEWER

This standard article is compounded with the greatest care.

Its effects are as wonderful and as satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.
